Re: St. Paul's Cathedral and Residences

Dear Council Member [ ]:

I am writing to request your support for St. Paul's Cathedral and Residences. This project is scheduled to come before the City Council on November 8, and I encourage you to vote in favor of approving its development permits.

The St. Paul's project will provide enormous benefits to the Bankers Hill community and San Diego at large. These benefits include adding to the City's housing stock, contributing to the City's affordable housing fund, helping alleviate the parking shortage in the neighborhood, and financially strengthening St. Paul's Cathedral, a vital institution.

The project's potential environmental impacts have been fully evaluated and found to be negligible. The project has the support of the neighborhood planning group ("Bankers Hill-Park West") which has agreed with St. Paul's on a compromise plan that is satisfactory to all and which earned the recommendation of the Planning Commission. The project is deserving of the City Council's approval at the upcoming hearing. Thank you very much.

Sincerely,
